

E 1206 UPM

HousingProduced through injection method, stroke and UV ray resistant Polycarbonate (PC).

OpticsProduced through injection method, stroke-resistant, opal polycarbonate (PC) diffuser.

Interior Housing
High quality steel sheet with electrostatic powder coating, mounted with special clips.

Ensoft S 160-26A- material monoblock gasket

High-efficacy LED MODULE with CRI>80, achieving L90B50 ≥ 50,000 hours of lifetime.

Constant current output LED driver with high efficiency and Pf≥0.95.

Ambient Temperature
-20 °C/+40 °C (With Emergency Lighting Unit : 0 °C/+30 °C)

Options1 or 3 hours emergency lighting kit Dimming via DALI

| Type Code | Power (w) | CCT (K) | Light Output (Im) | CRI | V/Hz | Weight (Kg) |
